SUBJECT: EU Draft Code of Conduct for Outer Space Activities:  
Canadian Views

REF: 09 STATE 126206; 09 STATE 002007

CLASSIFIED BY: Scott Bellard, Political Minister Counselor,  
Department of State, Political Section; REASON: 1.4(B), (D)

¶1. (C/NF) In a meeting on December 16, polmiloff conveyed reftel non-paper to Phil Baines, Deputy Director for Missiles and Space Security in the Nonproliferation and Disarmament Division of the Department of Foreign Affairs and International Trade and to Pearl Williams, Senior Policy Advisor in the same division. Both expressed appreciation for the latest U.S. inputs, but offered no substantive comments. They noted, however, that Canada had shared its specific reactions to the EU paper with the U.S. in February ¶2009. Baines added that the U.S. responses to the EU paper were "much kinder" than the Canadian reactions.
